GMAT Course Review

Is it possible to "buy" a higher GMAT score through using an elite GMAT prep company?

BusinessWeek put this question forward in an article about "Paying for Points". They profiled Manhattan GMAT and VeritasPrep, two companies that take GMAT prep to the highest extreme. They offer extensive courses, smaller classes and pay \$100 an hour or more for their instructors.

VeritasPrep and ManhattanGMAT only hire instructors with a minimum score of 760 (99th percentile on the GMAT), but Kaplan isn't so picky and hires instructors who scored above the 90th percentile. What's amazing is that a near majority of students who complete Manhattan GMAT and Veritas courses score higher than 680. It becomes absurd when nearly half of students who complete Veritas and Manhattan GMAT would meet the GMAT requirement to teach for Kaplan.

The GMAT is the most complex and challenging standardized test in the world, so it make sense that you would need highly-focused specialty prep companies to give you a chance at a good score. Those type-A personalities flocking to intensive GMAT courses may not be so crazy after all.

VeritasPrep

Pros:

They are a global company with over 300 instructors teaching at 60 locations worldwide. They recently opened up locations in India and Dubai.

The key to Veritas's success is offering more of everything: more pay for their GMAT instructors (more than \$100/hour), more hours (42 for their course) and more support (25 hours of phone support). Kaplan is much lower on all three issues. The extra support and longer classes are especially helpful for students who may have a weak area, such as math or grammar.

VeritasPrep also offers MBA admissions consulting from former admissions officers at Stanford, Wharton, and Columbia. We're not kidding: the people who once judged who got into a top business school can now give you advice about how you can get in! The result is a comprehensive package that helps get you into an ultra-competitive business school.

Cons

VeritasPrep is not bashful about charging a premium for the quality of their service. The GMAT classes cost \$1500 and packages with admissions consulting can run north of \$4000. If you have the ambition to go to Harvard and the credit card to match... then, to quote VeritasPrep founder Chad Troutwine: "Success favors the prepared".

- VeritasPrep's GMAT Course
- VeritasPrep's Admission Consulting

Manhattan GMAT

Pros

MGMAT's reputation for instruction and materials is outstanding, which is why they have such an enviable roster of corporate clients including Goldman Sachs, Bank of America and McKinsey Consulting. Those companies have large numbers of MBA candidates working for them and they trust MGMAT to prep them for admissions into elite business schools. In New York City they have a state-of-the-art two-floor education center and have have opened centers in Boston, Chicago, San Francisco, Los Angeles, and Washington D.C.

Cons

Manhattan GMAT has no admissions consulting service. They are a smaller, more focused company and, despite recent expansion, offer in-person courses only in select major metropolitan areas.

GMAT Course Options

There are two main options: GMAT classroom courses or online courses. Review the pros and cons for each method of preparation.

GMAT Course Options

You should begin preparing for the GMAT one to three months before test day. You may need more time (two to five months) if you have been out of school for some time and need to brush up on material. In general, you should spend at least 50 hours preparing.

There are two main options: a GMAT online course or a GMAT class course.

Online courses are an inexpensive way to get started and learn the fundamentals. Online courses are perfect for students who do not live where reputable classroom courses are offered or who don't have the time.

A GMAT classroom course will be more expensive and may take time, but it provides in-depth support and motivation. Many students use an online course to start and then use a classroom course to focus on weak areas.

- I am still unsure of when I am going to B-school, so why begin preparing for the GMAT now? Remember, the GMAT score is good for five years, so it doesn't matter if you will not attend business school in the next couple of years. But the longer you wait, the more time will have passed since your college "test-taking mode" and the years you studied math and verbal. Preparation will only become more difficult with time, so it truly makes sense to study and take the exam – and get it over with. 12.

New Instructors then receive 100 hours + of training before being given their own currently a 760 or higher out of 800 (compared to a 680 or 90th percentile). In addition, Instructors must be outstanding teachers to be hired; historically 1 out of 5 candidates (all of whom have a 99th percentile score) receives an offer from us, based upon their teaching much higher standards for our Instructors. For example, the score requirement to be an Instructor at MGMAT is the 99th percentile, instruction; our Instructors are paid \$100 per hours to start, as compared to \$25 - \$30 per hour. As a result, we are able to maintain What is the main difference between ManhattanGMAT and Kaplan or Princeton Review? The primary difference is the caliber of class or private students. To meet our Instructors, take a look at their bios here. 13.

Because of the abilities of our Instructors and the training they receive, we are able to provide a more ambitious curriculum that focuses on the actual academic content of the GMAT to help students get higher scores. But it all begins with the value we place on our What are the differences between ManhattanGMAT and Veritas? Though Veritas maintains a similar score threshold for its Instructors, Veritas does not interview Instructors in person or require any training. Many Veritas Instructors have never met anyone from the company, even after having taught for the company for several years in some cases. 14.

"How to Ace the NYSTCE Exam, without weeks and months of endless studying!"

Morrison Media LLC - 3827 Phelan #179 - Beaumont, TX 77707 - Customer Support - Buy Now

NYSTCE Secrets Study Guides

"How to Ace your New York State Teacher Certification Examinations (NYSTCE), using my easy step-by-step NYSTCE test study guides, without weeks and months of endless studying..."

Dear Friend,

If you'd like to get the NYSTCE test score you deserve, to quit worrying about whether you can score "high enough," and to beat the certification game so you can qualify to get your dream job, then this might be the most important message you read this year.

Our comprehensive NYSTCE test study guides are written by our NYSTCE experts, who painstakingly researched every topic and concept you need to know to ace your NYSTCE test. Our original research into the New York State Teacher Certification Examinations (NYSTCE) reveals specific weaknesses that you can exploit to increase your NYSTCE test score more than you've ever imagined.

Regardless of which NYSTCE test you have to take- you have come to the right place. Here you will find everything you need to know in order to be successful and get your certification.

Now, I know you're probably skeptical. That's normal and healthy. Let me give you three good reasons we can back up what we claim:

Three Reasons To Believe What I Say

Reason one:

In case you don't already know me, my name is Peter Morrison and I manage a team of standardized test researchers who set out to find and exploit the weaknesses of the NYSTCE. I have very strict standards for who gets to work on the team- I demand the best for my customers, and only those who met my exacting standards made the cut.

My company's name is Morrison Media LLC, and we maintain a dedicated research staff that have years of combined experience in cracking the code of the toughest exams.

Reason two:

Some academic studies have revealed that test takers do not really benefit from traditional test preparation. But we knew there had to be a solution- if test takers were not doing well on the NYSTCE despite high intelligence, there had to be a set of secret keys to the test that would open the door of success for these test takers.

We believe we have succeeded in finding the secret keys of this exam. What we found was surprising, and in some cases ridiculously simple once explained to the average test taker.

We put our findings together in a thorough, concise study guide that we believe allows any test taker, at any skill level, to **improve his or her results dramatically** with a *minimum of effort*.

2/11/2008 12:49 PM

Document 31-4

Filed 02/11/2008

Page 44 of 62

Reason three:

I created this product in part because I was sick of the options available to test takers who really wanted to do well on the NYSTCE.

A common approach is to TEACH the material, instead of TEACHING THE TEST. That's not necessarily good enough for the NYSTCE- you have to know how to apply the knowledge. Most test takers already have a general knowledge of what will be covered on the exam.

One reason some test takers do well on test day is that they have made the critical connection between the material they learned and how to use that material to succeed on the NYSTCE.

Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day.

You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and bad strategies that you've been vulnerable to. Just for starters, here are some ways our product can help your NYSTCE score...

Exclusive Test Taking Techniques

- Explains how the NYSTCE time limits are the #1 enemy of most test takers, and what you
 can do about it- You avoid falling into the many "time traps" built into the test, giving you an
 immeasurable advantage over those who go into the test unaware
- Shows you super speed methods to get through the questions you know with ease- Saving
 you time so you concentrate on the hardest questions without rushing
- Get quick, customized help for any questions you have- just send us a quick email and we'll get back to you promptly with an answer.
- Keys to questions that "give away" wrong (or right) answers- You get credit for some questions without really even knowing anything about them
- Details the EXACT STUDY PLAN for the NYSTCE that we believe gives the most results in the least time- No matter if you're studying for a week or a month, you won't waste your time on useless activities
- Our researchers are more than just academic theoreticians who understand the technical nature of standardized tests, but are also experts on test taking itself- they reveal the exact skills and information you'll need to perform under pressure on test day.
- A systematic analysis and breakdown into "plain language" of how to deconstruct and master complex problems- You turn problems that most test takers stumble over to your advantage
- Learn why, when, and how to guess to your advantage
- The secret keys that "gives away" the right answer a lot of the time- You know the special "flags" and "giveaways" to look for
- Includes detailed instructions on how to get started so you can begin improving your scores immediately
- Our most efficient and accurate method for picking the right answer- You won't be scratching your head trying to read the mind of the question writer, but will instead know exactly what to look for to pick the best answer
- Our quick problem solving method for difficult problems- You speed right through these notorious time-wasters
- Courteous, unlimited customer service is 100% free- if you need the product emailed to a

different address, lose the product, or have any other difficulty- help is just a short email away and our representatives are active 7 days a week helping customers

- Our research is 100% independent and original- you won't find our material in any of the conventional sources
- Our exclusive "calibration strategy" to help you never go too fast OR too slow when answering questions
- Our 5-step process that uses a "phased" approach to the use of study aids and practice tests
- How procrastination can kill your chance of success, and what to do about it
- How to know when you've studied as much as you need to- and why we think some people should spend LESS time studying
- The Top 20 things you should take care of within 24 hours of your test- use this list as a
 checklist to make sure you've taken care of the "little things" in addition to studying hard
- How to predict the right answer before you see the answer choices- and how to prevent wrong answers from "polluting" your mind and tempting you into a trap designed by the test writers
- Why answers that "sound" correct are often wrong- and how to tell the difference between right answers and clever-sounding traps
- Our "benchmark" method for deciding which answer choice to pick
- How random bits of information often "give away" the right answer in questions
- How to "milk the question" for clues to the right answer even if you have no idea what it is asking about
- How to avoid panicking when you don't know the answer to a question- we offer a systematic method that will serve as a "lifeline" when you need help
- What to do about tough questions that you have no clue how to answer- don't just give up, use our advice to make sure you give yourself the best chance of getting the right answer
- How to use our brainstorming method to get "inside the question" and reveal hard-to-find clues and things you didn't realize you knew
- Do you know what a "hedge phrase" is? Learn why looking for these key "weasel words" can help identify correct answers
- Why "new information" in answer choices almost always means that the answer choice is wrong- and how to avoid this trick planted by clever test writers
- Learn to avoid this time-draining mistake on tests- why technical terms you don't know can be a major stumbling block and waste precious time, and how to work around them
- The secret to using contextual clues to make important distinctions between right and wrong answer choices
- Two situations where you should NOT check your answers thoroughly
- How to avoid careless mistakes by using our quick "double check" system that will more than pay for itself relative to the time it will take you
- Test writers will often quote directly from the question in an answer- learn whether this is something you should trust or avoid
- Why "extreme statements" in answer choices are dead giveaways for wrong answers- find
 out how to detect the subtle differences between reasonable answers and those that are
 almost always wrong

 Learn how to group your answer choices into "families" that often narrows down the pool of correct answers- this is a quick way to immediately eliminate one or two answer choices and increase your odds of getting the question right

Now, you're probably wondering how and why we can do all those things.

Let me explain.

Before we go any further, let me clarify what **NYSTCE Secrets** is not. It is not a stale rehash of all of the things you have already learned.

NYSTCE Secrets is our exclusive collection of tips and information specially selected to give you the best results on the NYSTCE for the least time spent studying. It's written in everyday language and is easy to use.

We cover the <u>5 essential skills</u> necessary to do well on the NYSTCE, plus a <u>comprehensive review</u> covering your specific NYSTCE test.

Don't take my word for it. Listen to what our customers say about other Morrison Media products.

I purchased your Secrets file, and I just wanted to let you know that I got a 99% on my test. I just want to thank you again, and hope you have continued success in your ventures. Sincerely, Paul L.

My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand. Like you said this program is worth 100's of dollars. To me 1,000's!! THANKS, Chris G.

I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! Brian

Just dropping you a note to let you know that I am completely satisfied with the product. I had already taken the test once and landed in the 75 percentile of those taking it with me. I took the test a second time and used some of your tips and raised my score to the 97 percentile. Thanks for my much improved score. Denise W.

I heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L.

Warning: Always Look for These 6 Criteria

There is a lot of confusion surrounding studying for the NYSTCE, and standardized tests in general. In our opinion, these are the 6 criteria you should always look for in a study guide for the NYSTCE:

One: It must be written by writers who have painstakingly researched the topics and concepts needed to succeed on the NYSTCE. The blind cannot hope to lead the blind.

Two: It must be written in easy-to-use everyday language so all test takers can access the information.

Three: It should be to-the-point, with no fluff to distract the test taker from the truly important information.

Four: It must address the test first, the material second. If the material was the only thing that was

Page 47 of 62

important, then every test taker that understood the material should get a perfect score- that doesn't happen because there's a difference between simply knowing what's on the test and test performance. You want a study guide to close that gap.

Five: It must motivate the test taker to actually study. If it's hard to read, studying is slow and painful, and will produce meager results.

Six: The guide must be guaranteed- if you don't pass with flying colors, you get your money backno questions asked.

You get at least 10 times your money's worth!

When you consider what's at stake with your exam, we believe the value of our study guide gives you at least ten times your money's worth.

You can't lose with our 100%, ironclad, moneyback guarantee

I insist that you order **NYSTCE Secrets** entirely at my risk. That's why it comes with a Risk-Free, 1-year 100% Money-Back Guarantee. There's absolutely NO RISK on your part. Why am I going to such great lengths?

Even though I am absolutely confident in the quality of our study manual and its ability to help you get the results you deserve, I want to completely eliminate any remaining doubts or concerns.

So go ahead and order your copy of **NYSTCE Secrets** today. Read it, use it, and profit from it. If you use any one of our secrets, and somehow fail to recoup your small investment in the form of the test result you want - send me an email at support@morrisonmedia.com, and you get an immediate 100% refund of your purchase price.

Now let me take this guarantee one step further. If you don't like this exclusive book for ANY reason you can return it for an immediate 100% refund of your purchase price. And remember, this is a 1 year guarantee. You're free to return it at any time, for any reason, up to one year after your purchase- no hassle, no questions asked.

I understand that it may be hard for you to believe that this sort of information really existssomething that is unconditionally guaranteed to work or your money back, and is being offered at such a low price. If you don't mind, let me speak from the heart and I'll let you in on one of my main motivations:

I'm sick and tired of good people losing opportunities because of a test score.

A good test score opens doors- and when a door doesn't open, dreams and ambitions die, and I think that's a horrible thing.

If you think there's even the smallest chance that this material will help you, you owe it to yourself to try out my product. Don't let fear or doubt stand in the way of what could be your best opportunity to achieve the test score you need to fulfill the dream you deserve.

What I'm saying is, <u>don't decide now if this product is for you</u>. Just get it and try it out. If it doesn't do everything I say and more, if you don't save time, money, and frustration, if it isn't what you thought it was, if it doesn't work for you, you have nothing to worry about because you can get every dime of your money back under our no-loopholes guarantee. So you have nothing to lose and everything to gain.

CUNY Exam Secrets Study Guides

"How to Ace the CUNY Proficiency Exam (CPE) & CUNY/ACT Skills Assessment Tests (CSAT), using my easy step-by-step CUNY test study guides, without weeks and months of endless studying..."

Dear Friend,

If you'd like to get the CUNY test score you deserve, to quit worrying about whether you can score "high enough," and to beat the test taking game so you can guarantee your future success, then this might be the most important message you read this year.

Our comprehensive CUNY test study guides are written by our CUNY test prep experts, who painstakingly researched every topic and concept you need to know to ace your CUNY test. Our original research into the CUNY Proficiency Exam (CPE) & CUNY's Skills Assessment Tests (CSAT), such as the CUNY/ACT Basic Skills Tests in Reading, Writing and Mathematics, reveals specific weaknesses that you can exploit to increase your CUNY test score more than you've ever imagined.

Now, I know you're probably skeptical. That's normal and healthy. Let me give you three good reasons we can back up what we claim:

Three Reasons To Believe What I Say

Reason one:

In case you don't already know me, my name is Peter Morrison and I manage a team of standardized test researchers who set out to find and exploit the weaknesses of the CUNY test. I have very strict standards for who gets to work on the team- I demand the best for my customers, and only those who met my exacting standards made the cut.

My company's name is Morrison Media LLC, and we maintain a dedicated research staff that have years of combined experience in cracking the code of the toughest exams.

Reason two:

Some academic studies have revealed that test takers do not really benefit from traditional test preparation. But we knew there had to be a solution- if test takers were not doing well on the CUNY test despite high intelligence, there had to be a set of secret keys to the test that would open the door of success for these test takers.

We believe we have succeeded in finding the secret keys of this exam. What we found was surprising, and in some cases ridiculously simple once explained to the average test taker.

We put our findings together in a thorough, concise study guide that we believe allows any test taker, at any skill level, to improve his or her results dramatically with a minimum of effort.

Reason three:

I created this product in part because I was sick of the options available to test takers who really wanted to do well on the CUNY test.

A common approach is to TEACH the material, instead of TEACHING THE TEST. That's not necessarily good enough for the CUNY test- you have to know how to apply the knowledge. Most test takers already have a general knowledge of what will be covered on the exam.

One reason some test takers do well on test day is that they have made the critical connection between the material they learned and how to use that material to succeed on the CUNY test.

Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day.

Before I explain, in detail, how my product will help you, I'd like to offer you a "sample" of our system in the form of an email course that we've designed to show how our techniques perform on real test questions:

Free CUNY Exam Secrets Email Course:

Day 1: How to solve a reading problem with key word identification, synonym analysis and logical choice elimination.

Day 2: Understand a problem in word usage by choice grouping and independent perspective.

Day 3: Learn what it takes to master any topic on a writing assignment.

You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and bad strategies that you've been vulnerable to. Just for starters, here are some ways our product can help your CUNY test score...

Exclusive Test Taking Techniques

- Explains how the CUNY test time limits are the #1 enemy of most students, and what you can do about it- You avoid falling into the many "time traps" built into the test, giving you an immeasurable advantage over those who go into the test unaware
- Shows you super speed methods to get through the questions you know with ease- Saving you time so you concentrate on the hardest questions without rushing
- Get quick, customized help for any questions you have- just send us a quick email and we'll get back to you promptly with an answer.
- Keys to questions that "give away" wrong (or right) answers- You get credit for some questions without really even knowing anything about them

Page 56 of 62

- Details the EXACT STUDY PLAN for the CUNY test that we believe gives the most results in the least time- No matter if you're studying for a week or a month, you won't waste your time on useless activities
- Our researchers are more than just academic theoreticians who understand the technical nature of standardized tests, but are also experts on test taking itself- they reveal the exact skills and information you'll need to perform under pressure on test day.
- A systematic analysis and breakdown into "plain language" of how to deconstruct and master difficult problems. You turn problems that most students stumble over to your advantage
- Learn why, when, and how to guess to your advantage
- The secret keys to questions that "gives away" the right answer a lot of the time- You know the special "flags" and "giveaways" to look for in this section
- Includes detailed instructions on how to get started so you can begin improving your scores immediately
- Our most efficient and accurate method for picking the right answer on the reading questions- You won't be scratching your head trying to read the mind of the question writer, but will instead know exactly what to look for to pick the best answer
- The 1-2-3-4 Method for Writing a Knockout Essay- You follow this simple method and the feared essay section becomes child's play
- Our quick problem solving method for problems with hedge words- You speed right through these notorious time-wasters
- Courteous, unlimited customer service is 100% free- if you need the product emailed to a
 different address, lose the product, or have any other difficulty- help is just a short email
 away and our representatives are active 7 days a week helping customers
- Our research is 100% independent and original- you won't find our material in any of the conventional sources

Now, you're probably wondering how and why we can do all those things.

Let me explain.

Before we go any further, let me clarify what **CUNY Exam Secrets** is not. It is not a stale rehash of all of the things you have already learned.

CUNY Exam Secrets is our exclusive collection of tips and information specially selected to give you the best results on the CUNY test for the least time spent studying. It's written in everyday language and is easy to use.

We cover the <u>5 essential skills</u> necessary to do well on the CUNY test, plus <u>comprehensive</u> reviews covering the individual test sections separately.

Don't take my word for it. Listen to what our customers say about other Morrison Media products.

I purchased your Secrets file, and I just wanted to let you know that I got a 99% on my test. I just want to thank you again, and hope you have continued success in your ventures. Sincerely, Paul L.

My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand. Like you said this program is worth 100's of dollars. To me 1,000's!! THANKS, Chris G.

I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean

maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! Brian

Just dropping you a note to let you know that I am completely satisfied with the product. I had already taken the test once and landed in the 75 percentile of those taking it with me. I took the test a second time and used some of your tips and raised my score to the 97 percentile. Thanks for my much improved score. Denise W.

I heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L.

Now let me take this guarantee one step further. If you don't like this exclusive book for ANY reason you can return it for an immediate 100% refund of your purchase price. And remember, this is a 1 year guarantee. You're free to return it at any time, for any reason, up to one year after your purchase- no hassle, no questions asked.

I understand that it may be hard for you to believe that this sort of information really existssomething that is unconditionally guaranteed to work or your money back, and is being offered at such a low price. If you don't mind, let me speak from the heart and I'll let you in on one of my main motivations:

I'm sick and tired of good people losing opportunities because of a test score.

A good test score opens doors- and when a door doesn't open, dreams and ambitions die, and I think that's a horrible thing.

If you think there's even the smallest chance that this material will help you, you owe it to yourself to try out my product. Don't let fear or doubt stand in the way of what could be your best opportunity to achieve the test score you need to fulfill the dream you deserve.

What I'm saying is, <u>don't decide now if this product is for you</u>. Just get it and try it out. If it doesn't do everything I say and more, if you don't save time, money, and frustration, if it isn't what you thought it was, if it doesn't work for you, you have nothing to worry about because you can get every dime of your money back under our no-loopholes guarantee. So you have nothing to lose and everything to gain.
